Re: Proposed Post Office network changes - Elmley Castle, Worcestershire

Dear Mr. Partington

I am writing to you about the proposed changes to the Elmley Castle Post Office service.

I am supportive of the suggestion from Cllr Anna Mackison that the best location for a hosted service in Elmley Castle is the village shop in the village hall. It will attract more business for Post Office Ltd because it is already a well used local amenity. It will be warmer, safer and lighter for the residents of Elmley Castle, many of whom are elderly.

Cllr Mackison will be writing to you herself with detailed responses from village residents.

Yours sincerely,

Harriett Baldwin
